SENIOR FAREWELLS

It is hard to even begin talking about the memories that I have made over the past four years, and this year in particular. Not only have the teams been so successful, but I have formed friendships and memories to last a lifetime. First and foremost, my fellow seniors. I wish there was a word for how much fun I have with all of you. For Danny, the word is "fancy", because that is simply what we are...efferyday. And Kate, correct me if my spelling is wrong, but the word would be "mmmBEH!" And for Livvy, all I have to say is "MOOOOOOOOWW." But seriously, I can't really think of many times this year when we all weren't having the time of our lives together on and off the field, and I couldn't think of a better group of girls and leaders to share the senior class with. I will never forget all of the fun that I have had this year! To all the underclassmen, you guys all made this such a memorable and special senior year. I can't even tell you how amazing it feels to know that you guys give 110% day in and day out for us four seniors and we couldn't ask for more. On the field you are all hard workers with a ton of heart and off the field you are all so much fun to be around and I will never forget it. Thank all of you freshmen, sophomores and juniors for making this such a priceless senior year and thanks especially to Abby and Maris for always keepin it interesting!

Lastly, my sis. It has been such an unbelievably amazing experience playing with you for my last year here. I am constantly in awe of how well you play and I know you are going to go so far with soccer and in life. A huge part of this being such a special year can be attributed to you, and I am going to miss it so so much. Thank you so much for everything you have done for me and for making this year so special for me sissy, I love you!

To the coaches, it goes without saying that none of this would have been possible without you two. I can't say enough about how much I and the rest of the program appreciates all of the hard work that you do for us day in and day out. Beards, there is no doubt that you have made me into the player that I am today and this program what it is today, and I am so thankful to have had you as a coach these past four years. You have taught me so much and gave me opportunities and memories that I will keep with me my whole life. Thank you so much for all the hard work that you do for US and thank you for being such an exceptional coach to me over the years. And Honold, you put hours and hours of your time into this program and trying to get us to be the best that we can be and you are such a great coach and person. One of the things that I will miss the most about leaving this program is Honold time, I can't even think of one that hasn't gotten me so psyched! Thank you for putting so much time and effort into this team, I can't thank you enough!

I love each one of you so so much and I can't wait to keep kicking ass this season and coming back next year to watch you guys again!! Love, Casey (Sis, Case, CJ Nipe)

SENIOR FAREWELLS

This team, this family, has faced a lot of adversity over the season. Most of the time we responded well. A great example is our quarter-final county game against Pingry. I will NEVER forget that game. It's not a great memory for me in the sense that we lost. However, it's an incredible memory when I remember how we stepped out onto that field and played for 100 solid minutes of soccer with ALL HEART. Our team played with so much emotion and we all came together to face our challenge. I feel one of our goals this year was to leave the field after every game with no regrets. Whether we finish each game with a win or a loss, the most important thing to us is to play with all heart and as a team. This game demonstrated that 100%. That is what I'll miss the most from the season. The sense of family I get from every one of you on this team is incredible. I've become really close with the other three seniors: Casey, Olivia, and Danny. The bus rides and pasta parties with you three are unforgettable. And I've created so many new friendships that I'll never forget. Coach Beardsley and Honold, you're incredible coaches and I'm so glad I got the opportunity to get to know each of you very well this year. I will miss your Honold times Honny!!! Good luck with the future seasons! Have fun girls, and remember to always play with ALL HEART! - Kate
P.S. Hey Casey, Danny, and Olivia: BUUUHHHHH!!! (too bad we can't put pictures in here...)

This past season has been an unforgettable one. There are so many great memories that will stick with me for a long time, and I will miss each and everyone of you. Although this is not the "dream season" we all had hoped for, it has been just as memorable as any winning season I have ever been apart of. Seniors, I have become so close with all three of you this year and some of the times we've had have left me injured I have laughed so hard. Kate, I'll miss your faces. Danny, I'll miss all your dances. And Casey, I'll just miss being...you. To all the underclassmen, you've really shown your maturity during this season, and have definitely proved 100% that you can do almost anything you work for. Through all the adversity this season, especially during that upsetting Pingry game, you have really shown everyone to never stop believing in you. Always remember to play with ALL HEART and that will always be the case. Beards and Honny, I have so much enjoyed the past couple of years with you two. Through all the ups and downs you both have always been there for all of us. Thanks for always believing, and never giving up. Girls, enjoy your remaining years, believe me when I say, they go fast.
-Olivia

I going to miss this team so much because we have all become so close and have been through hard losses as well as amazing victories throughout the season. Everyone is friends with everyone and I really believe that we have become a family.
I going to miss everyone but especially my fellow seniors: Kate, Olivia, and Casey. Kate...when I with you I cannot stop laughing. I going to miss when you scream BUHH spontaneously and make us laugh and of course just looking around at other people faces and cracking up. Livvy I going to miss doing everything with you and being retarded together and especially annoying Shawn and Rob in the trainers by acting like wee five years old and rolling around on their stools. Casey, I going to miss all of your impersonations and running retarded around with you.
Coach Beards and Honny, I just want to say thank you for making into the soccer player I am today and I am going to miss all of the pregame motivational talks and Honold time of course. Thank you so much for everything you have done for this team over the years. Girls, I know that all of the juniors and rest of the team will live up to the Montgomery Girls Soccer reputation next year and keep the tradition of playing with All Heart. Keep playing hard and I love you girls and I will miss you so much. -Danny

Senior Captain Casey Niper

#19

Being Casey Niper's coach these past four years, has been one of the most rewarding experiences in my professional career. I have watched as Casey entered this program as a scared freshman and will be leaving it as one of our greatest competitors. Every coach has attributes in his players that he loves. And every coach has attributes he wishes all his players had. Casey is the kind of player that you always want on your team. She has all the attributes of a winner. She is such a fighter and such a battler that she makes all the players around her better. It is this fire, this drive that separates Casey from most other athletes. The thing that I will always remember about Casey is the example she sets for all her teammates. Casey is one of those girls who is just a winner. She wins at everything she does. She, from the moment she entered this program, has done nothing but win. I have so many memories of Casey, but one that sticks out is the 2006 Somerset County Championship game at Ridge High School. Casey was a freshman and clearly impacted by the weight of the situation. I pulled her aside and with a rather serious tone, let her know that I wasn't going to accept her playing like a scared freshman. She proceeded to get back on the field and provide a rush of energy, physicality, and passion. From that game on, she never stopped. Casey has also played a number of positions throughout her career. From forward to left back and then back into the center midfield. Always the steady competitor, we knew that Casey would find a way to get it done. And she always did. Another wonderful thing that occurred this year was the coming of Andrea Niper, Casey's sister. With many of the same attributes as Casey, it was so rewarding to watch as Casey and Andrea played together. I know it meant a great deal to Casey to have her sister share the same uniform as her, and I am proud that she will always have that memory.

Again, like the rest, it was so important to Casey that this program would not lose its way under her watch. Casey, although you have won a lot in your career. Your win-loss record is absolutely unreal. The legacy you leave this program is not found in all the championships you have won. Your legacy is that you have taught so many girls how to win. You have taught them what it means to wear the Montgomery Girls Soccer shield. You have taught them to be accountable for their play. You have taught them they together we can do anything. I am so proud of how you continued to lead this team throughout the ups and downs. Through the great wins and difficult losses. Through the off field adversity. You were always there to right the ship and keep the team focused. Many times this year, I said you were the heartbeat of this team. I believe it now more than ever. Thank you for all your years. But, most importantly thank you for your senior year. A year where we all took on challenges, and you proved, more than ever, that *tradition never graduates*. And that ALL HEART will forever remain. I will always be proud to call myself your coach. Thanks, Cas.

I am so happy that Kate got an opportunity to have a senior year like this. Kate might have had the single hardest job out of all of the seniors. She not only had to fulfill the duties and responsibilities of being captain. But, she had to play the position vacated by the greatest girls soccer goalkeeper we have every seen in Montgomery. As with everything Kate does, she did it with a smile and a determination unmatched by anyone I have ever coached. Kate's off-the-field demeanor is nothing like one would expect a goalkeeper. She is kind and thoughtful. She is graceful in how she conducts herself off the field. However, when she gets in between those goalposts it matters so very much to Kate that she does her absolute best. I remember sitting down with Kate when we had her captain's meeting and we were discussing the challenges this year would bring. Kate was so positive and so excited. She doesn't know this, but this passion and positive energy inspired me more than I think I ever inspired her. Like Olivia, Danny, and Casey it was so important to Kate to maintain the excellence that we have worked so hard to establish in this program. And though this year certainly had its ups and downs, there is no doubt in my mind that Kate's leadership has been successful. Again, no great example of this was her play in the first Hillsborough game. A game that marked all four of our seniors' greatest example of leadership. Kate was called upon to make a number of saves to hold the shutout and she delivered in a big way. The greatest compliment I can give Kate is how great a teammate she is. Indeed, her teammates adore her. And I believe they love her so much because they know Kate is real and honest and plays with a desire to help her teammates be and feel successful. Kate is the kind of player who you know is going to do great things in the future. Kate, I hope you will look fondly on your time in this program. And always remember your senior year. A year when you led a bunch of young, inexperienced players to a wonderfully successful season.

Senior Olivia Lang #10

Olivia has enjoyed a wonderful season and her athleticism have been two reasons why we have been able to remain competitive this year with so many new faces. Olivia plays with a sheer determination which is evident every time she throws herself into tackles or fights for balls in the air. This unyielding fight allows us to put significant pressure on the opponents' backline. Her speed and toughness create a real challenge for defenders. Whether it is in the starting line-up or coming off the bench, I knew I could always count on Olivia. Anytime I have a conversation with Olivia about her game, I feel like it means so much to her that she improves. In all the years I coached Olivia, there was never a doubt in my mind how much it meant to Olivia. She played with all heart from the moment she entered this program. And she will play with this same love and devotion until the final seconds of her career. Olivia, your career is more than statistics and numbers. Your career is measured by the size of your heart and the passion you brought to this game. Thank you so much for setting a tremendous example of all heart every time you crossed the line. I am so happy and proud of the contributions you have made. This program wishes you all the best in the future and always remember to come back. Your program will always be here.

Senior Danny Sciotto

#12

Danny has enjoyed a tremendously successful career in Montgomery Girls Soccer. It has been a career that has seen Danny get better and better with every passing year. Last year as a junior, she burst on the scene and was a tremendous contributor to a historic campaign. I think in many ways this year Danny has even achieved more. I believe this year's senior class has had the most difficult challenge that any of my senior classes have ever dealt with. With so many new players, I called on them, time and time again, to be the steady leaders we were in such need of. Danny evolved into such a quiet, steady leader for this 2009 team. Her play spoke volumes for her. And I can't tell you how much this set a great example for the young freshman and sophomores we have on this year's squad. I remember her play in the first Hillsborough game in which she was so amazing at center back. Danny didn't stop that entire game. She was all over the place and simply willed her teammates to follow her lead. Her versatility this year also is worth noting. Danny played a number of different positions. Her ability to adapt and understand the subtle differences of each position was huge. Because we had several key injuries this year, Danny's ability to step into new roles allowed us to hang on and succeed while we were getting healthy again. Danny, you have seen great moments on the soccer field while wearing the Montgomery Girls Soccer shield. You have been a member of some of the best teams we have seen. This year you gave everything you had to continuing the great tradition we have here. I thank you so much for knowing how important passing on our ideals to the younger players was. You led them every game of this journey and you can be so proud of the leader you have become. My hope is that you always have a special place in your heart for this program. You will be greatly missed.

SHOUT OUTS

Seniors, all you guys are amazing and I am so glad I was part of your last season. Kate, I'm going to miss you and all your funny faces you make at random times during pasta parties. You always know how to put a smile on my face and you were also a good team captain that I looked up to. Olivia ("O" as my dad would say) You so much fun to be around and I'm always laughing whenever I'm around you. I loved watching you jump for headers because I really don't think I have ever seen someone jump as high as you do. I'm also glad you were my holding hands buddy during all the intense games no one will ever be able to take your spot. Casey, I feel like I've known you forever! You're not only an amazing athlete but you are also an amazing leader and friend. Next year we will not only miss you, but we will miss your heart and passion for this game. I am truly going to miss the random things you say like, "Sir, sir, the clouds look like they are painted." And I will always think of you whenever I hear the Eliza Thornberries theme song. Oh and the classic voice that you Danny and Olivia use is priceless and you pretty much got the whole team to talk like that. Danny (DANDAN!) Thank you so much for driving me everywhere this year! I will never forget our early morning car rides going to school, eating our French toast waffles with coffee and listening to party in the USA. I am also going to miss our car conversations because I know I can talk to you about anything and you always know what to say to make me laugh. You are a very talented player and we are all going to miss you on and off the field. I love you all and wish you all the best in college. Chrissy :)

This year has had its ups and downs but it has brought us together as a family. I will really miss my fellow teammates, leaders, friends, sisters and role models. Casey, your impressions are priceless and I am so glad you are my captain because you are so helpful and easy to talk to. Your passion and love for the game makes you such a good player and a role model for me. Kate, your "ugliest face" that you made at Jackie's Pasta party is probably the funniest thing I have ever seen. Your comments are hilarious and you are a great goalie, and I'm so glad you were it for my first varsity season. Danny you are so funny and are car rides to my house and pasta parties were awesome. Jamming out to music and doing Jackie's voice is always a blast with you. Your heart for the game is admirable and I wish we could have spent another season together. Olivia you make me laugh so much and you are without a doubt the best person to hold hands with on the sideline. I love talking about the game with you and grabbing your leg when it gets intense. Our car rides are so fun and our talks about you know who are great. You are an amazing soccer player and your headers are sick. I am going to miss you girls so much next year. Good Luck! <3 Kaitlyn McGrew

Seniors,
This year especially has left you with very large shoes to fill, and you four have exceeded the expectations: proving to everyone that the Montgomery Girls Soccer program is safe in your hands. Although this year we've had our downs, the leadership never lacked to pick everybody up, overcoming every challenge. CJNip, I have always been in awe of your fearlessness on the field. You're the perfect example of playing with All Heart all of the time, but your leadership excels off the field as well. Your motivation rubs off on to everybody, lifting up those around you. I admire your dedication, and know I can always come to you with anything. Kate, I love your ability to always make me laugh, and the image of your "face" will forever be burned into my mind. I'm always confident knowing you're behind me, and wouldn't feel safe with anybody else—sorry Livvy—in your position. dSciotts, I can't tell you how much I appreciate having you as my chauffer, and love jamming out in your sexy 300 to all the music that Maris doesn't like. Now that we have the same cleats, I would be grateful if they make me half of the soccer player that you are. Last but not least, Olivia. You have no idea how much I'm going to miss watching you throw your body around the soccer field with everything you have. I often wonder whose hand I am going to hold on the bench next year, and am going to miss talking about you know who, and your 75948753849 other friends. After spending every day together since August, I don't even want to think about next year without you.
I LOVE AND AM GOING TO MISS YOU ALL.
'The Chief', Jaquie, JKops

SENIORS, Olivia Casey, Kate, and Danny/Before this year, I learned things that I probably never would of knew. Through out the good and bad times, I've learned that we had an indestructible personality. When we had rough times we would all pull it together like a family and never fall apart or let it effect our play. It is a privilege to play on a team with seniors who carried previous traditions and continued the mentality of what exactly Montgomery Girls Soccer is. Casey, MOOW. Since my freshman year I've played with you and what I remember was when we were doing a passing drill and I said to you, "you have such a nice touch!" Since then I always looked up to you. I'm gonna miss you next year and do my best to follow and create new traditions. Kate, it was the first day of preseason that you took to me practice! Since then I always asked for rides from you. Since my freshman and sophomore year, we were in the same "group", then this year you were promoted to be CAPTAIN I was so happy for you. I knew then you'd have to step up and as I watched, I've learned a lot from you. I will miss you next year! Olivia, you were the one who I knew when I have a problem, I can go to. I knew I could ask you a question and you had the answer. So thank you! In preseason, when we were doing intervals, I remember telling you, "your doing really good!" As tired as you were or as hard as they became you were still with the group! Watching you made me try even harder to keep up because I knew how hard it was for you and I knew I could push myself. You set a great example. Livy Liv I'm going to miss and I'm probably going to be making some phone calls next year! Danny! This year I think we got to know each other a little more! During preseason I learned that your an All-American runner therefore making preseason not an issue. In preseason when we were in that time period of running intervals everyday you set the pace. This year you stepped up and fixed the missing pieces which is ideal for me and younger players to watch. I'm gonna miss you next year and miss your VICTORY DANCE! Next year will be another mission with many questions that will have to wait. I will carry all the traditions that I learned and set good examples as you did for me to players like me who will need it! Thank you so much for a great experience, I'll miss you and best of luck in college. Love, Maris

SHOUT OUTS

Seniors- This year went by so quickly! Thank you so much for leading this team and always being there for the underclassmen. Your level of play motivated us to do great things on the field! Casey- you are an awesome player and I love being out on the field with you. You always go into tackles so hard and do a great job leading with your words and by example. Not only on the field were you great but off the field too. You are always so inclusive at the pasta parties and make everyone laugh with your different voices and impersonations. Kate- you are a great goalie and your leadership on the field has really pumped me up! You also can make anyone laugh with your funny faces. You also make great saves in games to keep us in it. Danny- you are so fast out on outside mid but you also do so well at stopper. You do a great job of leading by example when you win the ball or make a run down the sideline. You also make me laugh a lot and make pasta parties, games, and practices so much fun! Olivia- your effort and determination in each game is remarkable! Your flicks are so amazing because you jump so high in the air! You are also so funny and such a fun person to be around, whether it's at the trainers or on the field. You work so hard and this makes me want to do better. All of you, this year, made me want to do my best and play for your last season on this team. Your leadership during the hard times made us do better and get out of our "slump". Good luck in college and I will miss you all! Love, Maddie

Dear seniors, Although there may be only 4 seniors this year, you guys still led the team like there were many more. Every game you would play your heart out, and that only motivated the underclassmen to perform just like you and to play for you. You have really made this season special, because we really are a family. Your leadership has taken us to some great games, and you have taught us all many things that we will pass on to future Montgomery Girls Soccer players. I will miss you guys next year. Love, Murph.

Casey, Kate, Olivia, and Danny- even though Casey and Kate were the official captains (and you were the best!), you were all wonderful leaders. Every one of you plays with a tremendous amount of heart and passion. Your determination inspired me and everyone else on the team to play as hard as we could. We will all miss you! Good luck in college and beyond! -Caroline

Casey, Kate, Danny, Olivia-You girls have given so much heart and leadership to this team and the team wouldn't have been the same without you. "Play for your seniors" meant a lot to us and mad us work that much harder to make your senior year the best it could be. Your dedication to the team brought us together as a family AW and we couldn't of done it without yo. Thanks for a great season! Good luck next year and we're going to miss you! <3 Love Sammi & Laura

Casey Niper – In school Casey is a great friend, but outside of school she is a captain and a leader. No matter what is going on around her, when she steps on that soccer field she doesn't let anything get in her way other then winning. Even though she'll be graduating this year, she has left so many memories behind and will take so many with her. **Olivia Lang** – Everytime Olivia plays, she puts in so much heart and works so hard to do her best. She is someone you can count on. **Kate Stansfield**- This year Kate had big shoes to fill, and she has done so well. Kate has the best characteristics for being a captain and shes someone you can always turn to for help. **Danny Sciotto**- Danny's heart and leadership is something everyone can have. She always cheers you up and has left so many memories behind in Montgomery Girls Soccer. No matter where she plays on the field, she gets the job done! Eleni Lyssikatos

Casey,It has been the experience of a lifetime playing on the same team as you so far this season. It is so great to have the opportunity to play next to you and play for you. Words cannot describe the shoes that will need to be filled next season. You are a fantastic leader, player, and motivator, and it is such an honor to call you my sister, or, even better, sis. I will miss you so much when you go to college, not only on the soccer field, but at home too. I wish you the best of luck at school and I love you so much! Love,Your sis, Andrea

Kate It has been so great playing with you so far this year. You are a great captain and I feel extremely comfortable having you behind me in goal while on the field. You make practices and pasta parties even more fun with your great sense of humor. I hope you have fun in college and I wish you luck! Olivia, I will definitely miss our car rides to pasta parties in your car with Casey, Allie and Abby. Playing with you is so much fun and I love hearing your variety of stories you have to tell. I will also miss all your different kinds of food you always have, especially that amazing popcorn, or your banana flavored baby food. I wish you good luck and I hope you have fun in school! Danny,Playing with you so far this season has been so great. I really idolize how you stepped up into the stopper position and how you are unstoppable there. I feel so comfortable with you right behind me, and I know you're always there if I mess up. Your sense of humor, leadership and talent on the field will be greatly missed next year. Good luck and enjoy college! Your teammate, Andrea Niper

SHOUT OUTS

Dear Seniors: The senior leadership on the team has been increasingly positive. I am so glad that I had the opportunity to play with such a great senior class who welcomed all of the freshman from the very beginning. I feel that throughout everything that has happened and all of our ups and downs the team stayed strong with the help of the seniors. Casey has been a great captain and leader on the team. She is a great player who always plays with her heart and intensity. She is a strong player who gives everything she has even when in pain. Casey has a great balance between fun and seriousness. She sets a great example for all her teammates through her play and her attitude. Danny is a great player who can play in many positions. She plays with her heart. Danny is a tough player who is not afraid to go into a hard tackle. Danny's speed helps her be a very effective outside mid-fielder. She has the ability to both attack and defend. Danny always works very hard and tries for every ball. Danny is a very reliable teammate and she is always there to back everyone up. Kate is always positive and she is a great captain who shows strong leadership both on and off the field. She is great on corner kicks and winning balls in the air. Kate is always supportive to our team. She tries as hard as she can to make saves. Kate is a determined and focused goalkeeper. Olivia is a very aggressive player who plays with all heart. She is very tough and is not afraid to take another player out. Olivia's headers are amazing to watch and she is awesome in the air. She always uses her body and strength to get the ball. Olivia brings the spirit of the team up with her humor and great attitude. You will all be missed next year. Thanks for a great season. Love Jill

Thank you so much for making my first season as great as it has been! I think that you four are the funniest girls I have ever met and I am going to miss you guys so much next year! Casey, since I was in 5th grade I have wanted to play on your team and I'm not even kidding. I remember coming to these varsity games and wishing I was going to be like you as a freshman! You make me laugh all the time and am such a good leader. Thank you for giving the team the heart you give even though you knew that this season would be tougher than the previous years and thank you for not giving up on us. I will definitely miss you and all the voices you make and the jokes. But I mostly thank you for supporting us and not stopping all your heart, and giving the team the kick we need to beat Bridgewater and go all the way to penalty kicks with Pingry. You are such a great athlete and person! I'm going to miss you so much. Kate, I love being the person you get to high five whenever we score a goal! You are such a great keeper and you kick the longest punts I have even seen. I love how you are always keeping us inspired at our games and cheering for everything we do! I always hear you back there cheering for us and keeping us going! I am going to miss you so much next year! Oh and I am also really going to miss your great impressions! They make me laugh all the time and I am definitely going to miss those. Thank you for being a great captain and never stop trying to help us to win! Danny, to be honest you are probably one the person on this team who can make absolutely everyone laugh. Besides the fact that you always make jokes, you are really fun with everything you do. You are always in a good mood and determined to do your best. You go up for every head ball and run as fast as you can for all the others! I am really going to miss all the effort you put into our games to help us to pull out the wins! Thanks for leading this great first season of mine! Oliviaaaa, I love you so much! Your stories about the people and things you do like hay riding and driving into Pennsylvania are absolutely hilarious! And being up so late and showing me all the funny websites! Thank you for giving me rides to every single pasta party too! They were extremely fun blasting the music! I am going to miss you so much next year! Also, I am so thankful for all the effort you put into our games! From your crazy headers, I still can't even imagine how you get up that high, to all the perfect balls you send right across the goal! You have such a funny personality your always there to make jokes or say something funny after beards has his talks at the games! Also, I will especially miss you cheering so loud at the games and making those incredible shots you always are good at! Seniors – Thanks so much for a great freshman season. You four were great captains and leaders. I will miss all of you next year! Ryann

Seniors, even though I have only known you for a short period of time you have welcomed me to the montgomery girls soccer family. Casey, your an awesome captain, you know what to say to pump us up, and your the one who pushes us on the field when we want to give up. You are a really funny person, and not to mention your dreams, your different voices and impressions are hilarious. Kate, your a great captain as well and also a really good goalie. You have a really good sense of humor and you make pasta parties fun and enjoyable. Olivia, thank you so much for driving everywhere, I literally would not be able to get places without you. Your stories that you tell me are very funny and interesting, you are amazing at heading the ball and you never give up on the field. Danny, your really funny and you have a good sense of humor and you never stop laughing. You are really fast and your an awesome stopper and midfielder and you have a lot of intensity on the field. You ae all great leader I will miss you and enjoy college. abby

Unfortunately, you guys will not be with us next year, but I will never forget the outpouring love and leadership each of you engraved into my heart.
