The seniors this year have been amazing on and off the field. They have the strongest hearts out of everyone and they always want the best for the team. With a young team, they have motivated us to be our best, use our talents, and play with all heart. These three girls are so deserving and have done so much to contribute to everything we do together. I can't thank them enough for being such great seniors to the freshman, and the rest of the team, and showing us what we need to do. They were welcoming, but set us straight when we needed. Not only are they incredible players, but they are great people and seniors. Michelle Wiltse

Kait, Jackie, and Chrissy, Thanks for making my freshman year on this team so great. Starting from the beginning each of you have welcomed all of us, and made this team closer closer than any team i've been on. Each of you has made this year special in all different ways. Chrissy, you are one of the nicest people i've ever met and have always made me feel welcome, also your really good at tackling on defense. Jackie, you've made me laugh so hard, and how you always have heart has inspired me in a lot of games, Kait, the way you try your hardest everytime you go on is always an inspiration. i will miss you guys alot next year, but thank you for making this year special -Colleen

This has been a great freshman soccer year. In the beginning of preseason I was so nervous and I didn't know how I was going to make it through, but you all told me it would get better. It has. Our team is a family and I am going to miss Chrissy, Kaitlyn, and Jackie soooooo much. You guys are the best seniors EVER. (even though I have not known any others, but after hearing what you went through with past seniors, I am so grateful for how nice you are to us). We had some pretty intense discussions and every game I lay it on the line for you guys because I know that's what you would do for me. YEAHHH CHRISYYYY- I loved walking out with you every game because it got me out of having to carry water =). You are extremely supportive and always make me feel good about myself and my play. KAITLYN- You're an amazing person to be around and really funny. You use that voice.. is it sarcasm? that always puts a smile on everyones face. JACKIE- Whenever you talk, you pump me up. You always have something to say... when I watch you play on the field, it makes me want to play better for you because of how much heart you put out. I'm going to miss you guys so much, it won't be the same without you. Thanks for making this year amazing!! <3 Kat

Dear seniors,I am so glad I had the opportunity to be your teammate. This year has been great. Because of you guys this team has felt like my second family and is something I looked forward to doing after school. I felt like you guys were role models for me and inspired me to do so much better. You guys helped this team become closer and made everyone feel welcome. I appreciate having you on this team and I'm going to miss you guys like crazy! I have felt so lucky to have been a part of this team because you put so much heart, soul, and passion into the game and I will most definitely miss that. - Julia S.

Seniors, where do I start? Kate, Jackie and Chrissy, you guys are all such great teammates. All three of you girls are such positive, motivating players that I'm going to miss next year! Kate- when you're on the field you never let the team down. I love your heart when you're playing. Jackie- you always have a winning attitude and have fun at the same time. You're such a good player and you know how to bring up the team's spirit. Chrissy- I first met you when you were on my mini marathon team and I had a great time playing with you from the beginning. You are such a strong player and when you're on the field, you know what you're doing and you never let down. You inspired me to run faster during pre-season and I'm so glad I could look up to you. Thank you all for just being yourselves and contributing so much to the team. I feel so lucky just playing with you girls and I'm so glad you were so encouraging and heartening. You guys made my freshman experience so worth wild, and I thank all three of you so much! Best of luck in the future. -Rebecca Ravitz

Seniors, This year has been so much fun, I have some really good memories with you guys that i will never forget. Like the time Chrissy and I were doing the sprinkler outside and how Jackie eats chicken sandwiches in the bathroom. The funniest thing in my life was when Kaitlyn kicked the ball and it hit the back of Julia and she fell. As a "new kid" I was so nervous for high school but having soccer pre-season the seniors as well as everyone else made me feel welcomed. My favorite psych time was the speech the seniors had us listen too and the big heart, it was definitely why we beat hilsborough! I'm going to miss everyone so much after the season but especially Kaitlyn, Jackie, and Chrissy. I hope you guys have an amazing time at college! ~Colby

SENIOR SHOUT OUTS

Dear Seniors, As I'm sitting here, thinking of things to write, I'm reflecting on all the fun times we have had this season and also last. Doing this makes it that much harder for me to say goodbye to you three. You are all such positive influences and reinforces on me and also all the girls! The rides to pasta parties, family dinners at the Lyssikatos' house, and late-night drive-arounds trying to find something to do are the real reason why this season will be so memorable. Without you three, our team, and especially this season, would never be the same. Kaitlyn, I am so glad we have grown close this season. You impress me so much every time you step on the field; whether it be your enthusiasm, heart, strength or skill. On and off the field you are an all around great person and I'm happy to have shared your final year at Montgomery Girls Soccer with you. Car rides laughing at Eleni dance to "Faded", games of Pictionary, and jam sessions to Hillary Duff would have never been the same without you. Thank you for making my sophomore year so enjoyable and I wish you the best of luck at college! Chrissy, luckily I get one more season with you, but this soccer season, until then, will be greatly missed. You make coming to soccer more enjoyable with your positive attitude and all around high spirit. You are always there for someone if they need help, and you're always first to cheer someone up if needed. I'm so happy we've stayed close all these years and used this year as just another one to grow closer. I appreciate all that you do for me on and off the field and I thank you for making my sophomore year so great. I know you'll succeed in whatever you chose to do and good luck at college! Jackie, without you, this team would really never be the same. Your sarcastic, funny remarks are what keep the team light and energetic. However, you always know when the right time is to focus and get into the game or practice. You are always a positive reinforcement for me and the other girls included. I will never forget driving around with you, playing Pictionary and our group Impact Test session. You have made my sophomore season so memorable and enjoyable and I thank you for that. Good luck at college and please don't forget to come and visit me! So to wrap this up, seniors, thank you so much for all you have done for the program and myself included. I will miss you all so much, but I know you won't ever forget about this program and you will be back to cheer us on. Just remember... hey now, hey now, this is what dreams are made of <3 I love you all! Andrea Niper

Seniors: These past two years on this soccer team have been full of memories that you all have contributed to. They all good memories like canoeing, chilling at Eleni's, or going to bagel barn. I am going to miss you all very much. Ohhhh Kaitlyn, what can I say? Best Friend... I know we have had some relationship problems but we are working through them, and that's a good thing. Driving in OUR car, spraying OUR perfume, listening to OUR cd's. I am sorry I mean every car, perfume, and cd's. Having permanent shotgun in your car can come with its perks; I memorized legitimately every track on every cd. I can't lie cd 1 track 16 is absolutely Demi Lovato singing, there is no question about it. Jamming out to cd 3 track 11, with Eleni pulling out her moves in back was amazing. Oh by the way I love the way you say "Jackie" and how you tilt when you look at yourself in the mirror... "I got 99 problems and you aint one" To be honest whenever you get on the field I get so excited! You are a really good forward you play with all heart and you know how to get it done on the field. J Kops, I know you got jealous that I stole Kaitlyn from you, it is only fair. Your old best friend, is now my best friend (it's a sticky situation). I am glad we moved past it. For the record you are J Biebs, no one else on our team could pull off his swagga but you. Speaking of swagga, you have the most on the team. No one but you and I would go swimming in the canal. We probably got some infectious disease, but that's okay we had fun while we did it. Despite the rumors, you are a very good driver using stick. For the last time I am going to ask you to stop talking about my mom, it was a rough time for her in the 1940's, and for me it's a touchy subject. Please respect me for that. DON'T JUDGE ME... YOU DON'T KNOW ME. When I watch you play soccer, I have noticed that you will do anything to help our team. This team and program is so important to you. When you play midfield, you always make good runs and are committed to winning the ball. Chrissy Marie Uva, every morning you pull up to my house at 7:12 a.m., I come out exactly at 7:16 a.m., we get to school at 7:23 a.m., and get to class at 7:29 a.m. I am not going to lie to you Chrissy, we have a pretty good schedule in place. Not to mention we have a good time getting to school, listening to our theme song wavin' flag. Did I ever thank you for driving me to school every day? If not, thank you so so so much. Seriously you are one of the nicest people I have ever met. You are so considerate and kind and that is what makes you awesome. When you are on the field you play with so much physicality, you throw your body around going for headers not caring if you get hurt. You demonstrate how to play with courage and intensity. I am going to miss you guys next year and the year after that. I am going to miss our family meals together and just chilling the most. If I have to leave you with one thought to remember me by it would have to be, WWLWD? (What would lil wayne do?) I love you and I am going to miss you guys so much. Peace, love, and gap- Your favorite sophomore, Abby Hewel

Jackie, Kate, and Chrissy, hi ladies, i can honestly say this year has been the best year of my life. i have come so close to each and every one of you. you have all gave me something to hold on to, whether in soccer or friendship. i never thought that playing on a school soccer team would be this enjoyable, rewarding, and most of all i never thought i would love a group of girls as much as i love you girls. the three of you have came to be three of my amazing friends. as a freshman i was scared and unsure but i soon realized i would be welcomed onto the team in an instant. you girls are such great role models, and i have never met a more loving group of people who have had more heart for this game than you guys. you push me to be better every day and let me know when i am not reaching my full potential. you girls have grown on me and became my sisters. i never thought that i would come to you guys for my problems, all of my problems, but i do and i know that i can count on you to be there. whether on the soccer field, on the bench, or in school, each one of you play such a big role in my life. everytime i say hi to you in school i get the biggest grin on my face, because i know that i have made 3 new friends that i will never forget about. you girls impress me with your heart and passion, and you 3 are the best role models and teammates anyone could ever ask for. i love you girls so much. each one of you have a special place in my heart.xoxoxoxo forever and always,Jessi

SENIOR FAREWELLS

Helloooo ladies! IT IS WAY TOO EARLY TO BE SAYING FAREWELL, but I suppose I'll give it a go. First the Freakin' Freshman: I feel very privileged to have been able to play with each and every one of you, and only hope the best for you in the years to come. I know you don't believe me whenever I tell you how quickly it goes, but I promise you it really does. You are all such talented players I'm continuously finding myself in awe of your talent and ability to play as upper classmen at such a young age. I'm sad that I only have this one year with you girls, but I can't wait to come back and see how much you all have grown—both as players and as people. Saucy Sophomores and Juicy Juniors: Even though we've only been together for the past two seasons, I feel as if we've all been playing together for years. I can't even begin to tell you how jealous I am that I won't be there to play along side of you girls for the remainder of your high school careers! We have all been through so much together, and I hate to think that our time is coming to an end. I want to thank all of you for constantly being there for me through everything! I have no idea how I am going to survive without this family that we have created. Maddie & Murph: You two will always have a special place in my heart for being my co-survivors for the 2008 season! I've loved sharing the last three years with you two, and am very proud to call you my captains. You are both incredible leaders and I can't wait to watch you girls make the most of your senior year! My fellow seniors: Look how far we have come! It's crazy to think that we all began our soccer careers together at such a young age, and here we are now, the only three left! There are no two girls I would rather have beside me to end this incredible journey! I love you both and I wish the best for you in college and in life. Beards and Honny! You are both amazing coaches and I'm very happy to have had the opportunity to play for you for the past three years. Without you two none of this would have ever been possible and I want to thank you unconditionally for giving me the opportunities that I haven't deserved. Thanks for always believing, and pouring yourselves into this program no matter what! Honny I'm really going to miss Honald times! It's weird to think my collection of Honald times is soon to be complete! I love all of you girls and am going to miss you so much!!!! Love, Jackie

SENIOR FAREWELLS

It is so weird to think that I am a senior and this is my final year with this team. Throughout these four years I have made incredible friendships and memories that have become a huge part of my whole high school experience. To start of this year in particular, I came into it with the most excitement than any other, knowing that it would be my final year and how there were high hopes for us to become something great. Looking at this year I can truly say that everyone has become so close as a team and is a family. I cannot imagine what I would do without all you guys. Starting with the freshman, you all have showed so much maturity and have grown up fast to deal with the difference of a high school game. I am so proud of you all and cannot wait to see what you can do in the years to come. Sophomores, oh my goodness I don't know where to start. You all have become my best friends and all have so much personality and always put it all out there on the field. Your confidence on the ball and love for the game makes you all a role model players. I love listening to you guys all cheer me on when I play and will miss you all so much. Juniors, you all have showed so much strength this year and have really stepped up, showing leadership on and off the field. I hope that your senior year has as many memories as mine has created for me. My fellow seniors, we are the last ones standing out of the journey of these four years and I am so happy that I have gotten to share it with you two. We have become a lot closer through the seasons and always have had each others backs. And finally Beards and Honny, thank you so much for helping me throughout the past two years. You have been great coaches and have really made me improve through your teaching and understanding of the game. Thank you for believing in us. Have a great few more years girls, and when they say it goes by fast, they mean it. - Kaitlyn

It is unreal to me to see that the season is coming to an end. But over the past few years I have gotten the most incredible memories I could ever think of on this team. This season we had the most incredible chemistry as a team, I feel like I have formed many friendships that I know will last a lifetime. Seniors! JKops, I will never forget the cute outfits you put together for soccer practice...you look like you are five but I mean that's why I love you. Kaitlyn Beth, I am so glad that we were always partners; we definitely had some intense completions. I am so glad we get to share this last year playing together. You made this senior year memorable with all the fun times. Three Musketeers for life! To the juniors I love each and every one of you! You guys are all amazing and keep the hard work up because there is not much time until you will be able to pull your seniority card out. Oh and Laura I'm glad you were able to sit in front of me on the bus so I could scare you, you always made bus rides entertaining. To the all the underclassmen, your hearts are always pumping and make sure you keep that going throughout the rest of your years playing. You guys always made me laugh and put a smile on my face whether it was one of Colleen's stupid comments or talking about Tri's sassiness. Last but not least Abaconda, APro, Princess, Eleni Lyssikatos, And-r-e-a, and Jillll you girlies are truly one of a kind. Abaconda our morning car rides and our song that goes on at the light ill never forget. APro you just make me laugh for no reason... "your eyes are really pretty." Haha. TriTri I don't know why you say half the stuff you do but it is always funny especially the wonderful day we went canoeing. LenLen, the book will last forever and we are never going to let you live that down. Greek salad is WONDERFUL! I think I've had it so much that I feel the Greek in me starting to come out. Andrea you are like my little sista. I love driving you because we always have some quality conversations and your hair is just so luscious, I love touching it :) Jill you always make the funniest faces in pictures that we take but I love you for that. Thank you girls for making sure there was never a dull moment. And thank you Jessi for letting me pick on your throughout the season. "JESSI!" To the coaches Beards and Honald thank you sooooo much for all the time and effort you put into this program to make it as successful as it has been. And thank you for teaching me to play to the best of my ability. Thank you all for giving everything you had every day, at every practice and throughout every game. Girls I am going to miss you all so much but I hope you kick butt next year and make me proud! All heart!-love Chrissy

Jackie, Chrissy, and Kait, we couldn't have asked for a better group of seniors. You girls brought the team together from the very start, showing that we really are a family. Even though this year started out a little shaky, we could always count on our team talks to motivate us. Even though everyone had something to say during these, for me it always meant the most coming from one of you, knowing that you couldn't "wait until next year" for everyone to step it up. The poster that you guys made for your "honald time" meant a lot to me and carrying it to every game was great. You all showed that you played with all heart every time you stepped onto the field, making the most out of it. I will miss you all next year! Love, Laura

Chrissy, Jackie and Kait: you girls were so much fun to have on the team this year! All of you are so sweet and nice. You guys always gave it your all, and tried your hardest. And I know that was something everyone looked up to you three for. Even though there weren't that many seniors, you girls did a great job of showing how much this team and season means to you, and you took leadership and responsibility when our team needed it. You made this year so special and memorable for everyone! I hope you enjoyed it as much as I did. You will all be missed! Love, Justine

Seniors, I cannot believe the season is almost over. I feel like I am still a freshman and we just me. We have become a lot closer this year and I will miss you all sincerely. Chrissy- I will always remember how you would get excited about being a senior and telling me what to do but I would never actually listen to you when you instructed me to do something. On the bright side, I will remember how you put in 100 percent effort every time you stepped out on the field no matter what the situation was. Kait- I will always remember your non-stop work ethic, which always led a good example. Thanks for keeping things interesting and I had so much fun blasting the music in your car on the way to pasta parties and hanging out all the time. Jaqui- I will remember you as such an inspirational person in so many ways and how you always made sure 'the princess' (me) was okay at all times which is RESPECT. Blasting music in the jeep was always an enjoyable time as well, especially when the top was down. Thank you all for taking me to pasta parties and other places as well! Please remember my funny quotes especially the ones when we went canoeing and how I felt about you guys complaining that you were hot outside. Ill miss you guys and good luck at college!! We will definitely keep in touch! Just remember everything is "decent"! LOVE TRI <3

Seniors: Jackie, Kaitlyn and Chrissy- You made these past two seasons a lot of fun for me and I learned a lot from you. You all have put so much work, time and effort into this program and it shows how much you love it. Your dedication to the program is really impressive and I hope to work just as hard as the three of you have. I will miss you all next year and I know you will be great in whatever you do! -Ryann

Jackie-You are a both great player and person. You inspire me to play with all heart. Everything you step out on the field, you give everything you have. Since my freshman year, you have always been extremely nice to me and made me feel welcome every. You are always ready to take chances. You are a very enthusiastic person and you can always lift up our team and individual spirits. Thank you for all the great times we have had together, both on and off the field. Kate- You have a great work ethic and always try your hardest every time you play. You inspire me to always play my best and work as hard as I can. Thank you for being such a great senior and including and helping us. You are very fun person to be with and always look like your having a great time, both on and off the field. I will never forget your great personality and love for the game and for life. Chrissy- You are a very strong player and always work as hard as you can. Your work ethic and effort in defense motivates me to play my best. Your strength on the fields leads our team and encourages me to be a stronger player and person. You are a very encouraging person and always make me and the team feel good when we are down. I will always remember your strength and positive attitude and all the great times we have had. Love, Jill

I can't believe you all are seriously leaving! I feel like it was yesterday when I met you guys and now I'm already having to write my goodbyes! First Jackie. You are sooo funny it's insane! I'm going to miss your jokes and your soccer outfit fits haha. I remember freshman year when it was me and you as "best friends" and then Abby and Kait! I can't believe I won't get to hear about all the stupid trouble you get into and all your stories! It was so much fun being on the team with you and you definitely showed me how much heart I needed in the game and how to play for my seniors. Have fun in college and come back to visit!! Kaitlyn, you are extremely funny and you know how to make laugh with like everything you and Abby do! I love watching you play and how you never give up and if you didn't know, you make the funniest faces when you run! I'm going to miss all your jokes and when we hang out at Eleni's because you make it so much fun! I hope you have a great time in college and don't forget to come back and visit! Lastly Chrissy, I can't even begin to explain how awesome you are! I am going to miss you so much and your little things you said to me that got me so pumped up for all my games. You inspired me so much this year Chrissy and I definitely tried to play for you this season! You are so nice and I am going to miss you so much next year! I'm not going to have anyone to drive around to the pasta parties with me. Have fun in college and don't miss me too much!! Love you guys, Allie Proinski

SHOUT OUTS TO SENIORS

Seniors, This year is an unforgettable memory that will stay with me forever. Ever since the beginning of preseason to now you all feel like my sisters and I don't know what I would do without you. We have been there for each other to lift our heads up and celebrate our accomplishments. We have become sisters and no one can ever break our pack. Every time you all come over and we have family dinner and play board games I feel like you're apart of my family, and once it becomes a daily thing I know you are my family and it will never be the same without you. You may not realize but seeing you 3 everyday makes me look forward to practices and games, and when Sunday comes around and I don't see you all, the next day I feel like it has been forever. I'm glad you all find it amusing to write my "not so intelligent" comments in my own customized booklet, but it's my way of keeping the team entertained. You all contribute your own characteristics and skills to the team and without your piece it is not the same. Kait- I am going to miss your car rides when Abby does her spray sesh and we memorize all the tracks on your CDs and I jam out to Faded. You give it your all when you're on the field and the team finds another level of motivation and encouragement and the spirit rises when you're out there. You never waste a second out there and you are the definition of all heart. Jackie- No matter what anyone says I think you are a great driver and I'm going to miss riding in the wrangla. You always know how to cheer someone up and speak the truth and you always find a way to get to your highest potential when you play, and really make a difference. You will be a great soccer mom like the time you picked us all up from school. Chrissy- I will never forget when I remembered last minute that I had an orthodontist appointment and we were all at my house and you drove me over as my "mom" and sat in the waiting room as I went to my 5 minute check up and we went back to having fun at my house. As a soccer player you always go full force when you're on the field and take advantage of every minute, playing from your heart and making the moments last forever. I am going to miss you all so much and family dinners, late night rides to Princeton when we're bored, canoe rides, apple picking and Pictionary games will never be the same. You will be remembered forever and have each left a mark in this program. Good luck in college and I am going to miss you all so much, but remember..hey now, hey now, this is what dreams are made of. Love Always, Mama E

Jackie, Kait and Chrissy- You guys are all amazing! You're great soccer players, leaders and friends. Not only did you help the team on the field, you were nice and supported everyone off the field as well. You made it worth playing for the seniors every game. Thanks for making me still feel like part of the team, even after my injury. Good luck in college and in the future. We'll miss you! Love, Sammi

Seniors: Time really does fly! I remember being a freshman coming into this program looking up to all 3 of you. It seems like just yesterday you were all sophomores. You all have dedicated so much time and heart into this program. Jackie, Kait, and Chrissy, you have shown the whole team what Montgomery Girls soccer is all about by your leadership and work ethic on and off the field. You also make pasta parties, warm-up jogs, and other events so eventful and fun! I hope your senior years have been awesome and good luck in college! I'll miss you! <3 Maddie

SENIORS, you had an especially hard job this year since there were only three of you; however you all played your hearts out and helped to make this season amazing in your own way! I am going to miss playing with all three of you SO much. Your dedication to the team was great and we couldn't have done it without you. As much as each of you helped to make this season great for everyone else I hope that the rest of us made the season just as enjoyable for you! Hopefully this soccer season started off your senior year on a good note... good luck with the rest of the school year and next year in college! Love you all, Kathleen (bush)

Kait, Chrissy, & Jackie I can't believe you girls are leaving next year! So many things would have been different without you girls. All you girls had such heart, and you helped the entire team get closer. I don't think one day went by where you didn't make all of us laugh. To be honest all of you inspire me to play like never before, and there is no doubt that I will miss all of you next year. I hope you girls have a good time in college Love, Murph

Jackie, Kate and Chrissy Thank you so much for giving all of your hearts to this soccer programs. You guys pumped us up so much this year. You guys are so funny and nice. This year wouldn't have been the same without you. You guys really showed us what playing for your seniors meant. We couldn't have done this year without. Hope you guys all have fun at college. Hailey

Class of 2011

Jackie Koppa #17

Jackie has enjoyed an excellent career in Montgomery Girls Soccer. Her career is marked by both personal growth as well as athletic growth. Jackie's attributes as a soccer player are widespread. She has a technical ability that is above average. She can play well with both feet. And she has wonderful athletic qualities that allow her to play multiple positions. The thing I really am impressed with Jackie is how she has evolved throughout this year. There have been several examples of Jackie stepping up and saying something about the tradition of Montgomery Girls Soccer and how important it is to her to continue the excellence we have modeled. Because this tradition is still so new to so many of the girls on the roster, these statements were critical to the development of the group. The thing I have enjoyed is watching Jackie grow as a person. There have certainly been some ups and downs through her career. But, as I have talked to Jackie, we define ourselves by how we learn from moments when things aren't going well. I think Jackie has come a long way in this regard. I learned very closely last year how important this program is to Jackie. I believe this is what makes

Montgomery Girls Soccer so special. For three months, amazing memories are created and unbelievable personal growth takes place. Jackie, my hope is that soccer, this team, and this program has taught you so many things about dedication, discipline, and the pursuit of a common goal. These lessons will forever stay with you as you embark on new experiences. Good luck in the future. And always remember Montgomery Girls Soccer will always be here to welcome you back.

Kaitlyn McGrew #27

Although the 2010 senior class is small in number, they have exemplified that they are large in heart. Kaitlyn has been a terrific member of the varsity team for several years now. The thing I admire the most about Kait is that she never takes a day off. She goes 100% every single day. There is little question that Kaitlyn enjoys the day in and day grind of the varsity season. She seems to bring an enthusiasm and excitement to every single training session. Additionally, Kaitlyn is a tremendous teammate. She is supportive and vocal. Her attitude and personality is magnetic, and I believe this is one of many reasons why she is such a popular member of this group. The thing I will miss about Kaitlyn is watching her pure love of the game. There isn't a girl on this team that goes harder and with more intensity than Kaitlyn. Sometimes I get caught up in the details that need to be done in order to continue to produce a team that will go out and compete on a daily basis. And I do acknowledge that sometimes this fierce dedication and competitiveness sometimes interferes with enjoying the simple things about interscholastic competition. Kait always demonstrated to me that the most important thing is the game and the beautiful gift of sharing the game with friends. Thank you Kaitlyn for always giving me everything you had. It was never lost on me. I hope you will fondly look back on the fall of your senior year and the memories you helped create.

Chrissy Uva #16

Chrissy Uva is an athlete who completely epitomizes the ideals of All Heart. I knew this very early on when I trained her at the club level. Every single year that Chrissy has been a part of this program, she has dedicated herself to trying to be better. I am so proud of her work ethic, desire to excel, and competitiveness. But, I think I am most proud of how much Chrissy has grown through the years with Montgomery Girls Soccer. She is a completely different athlete as she was when she entered this program four years ago. Through these four years, Chrissy has evolved into a tough, hard-working, determined athlete. Chrissy is the consummate teammate as

well. She has never once complained about her role on this team or let it negatively impact her experience. Indeed, she has been a model student athlete for this young team to look up to. I have been blessed with the opportunity to coach both of the Uva girls through the years. And I am so grateful to have had the opportunity to see Chrissy achieve so much these four years. Chrissy, for a long time, I have admired and appreciated your devotion to do your very best. And I have really enjoyed coaching you through your senior year. Good luck in the future. And no matter what---always live your life with ALL HEART! I know you will.
